

Commission communication in the framework of the implementation of Regulation (EU) No 305/2011 of the European Parliament and of the Council laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC

(Publication of titles and references of harmonised standards under Union harmonisation legislation)

The provisions of Regulation (EU) No 305/2011 prevail over any conflicting provisions in the harmonised standards

(Text with EEA relevance)

(2018/C 092/06)

ESO ⁽¹⁾	Reference and title of the standard (and reference document)	Reference of superseded standard	Date of applicability of the standard as a harmonised standard	Date of the end of the co- existence period

NOTE:

- Any information concerning the availability of the standards can be obtained either from the European standardisation organisations or from the national standardisation bodies the list of which is published in the *Official Journal of the European Union* according to Article 27 of the Regulation (EU) No: 1025/2012 (¹).
- Standards are adopted by the European standardisation organisations in English (CEN and Cenelec also publish in French and German). Subsequently, the titles of the standards are translated into all other required official languages of the European Union by the national standardisation bodies. The European Commission is not responsible for the correctness of the titles which have been presented for publication in the Official Journal.
- References to Corrigenda ‘.../AC:YYYY’ are published for information only. A Corrigendum removes printing, linguistic or similar errors from the text of a standard and may relate to one or more language versions (English, French and/or German) of a standard as adopted by a European standardisation organisation.
- Publication of the references in the *Official Journal of the European Union* does not imply that the standards are available in all the official languages of the European Union.
- This list replaces all the previous lists published in the *Official Journal of the European Union*. The European Commission ensures the updating of this list.
- More information about harmonised standards and other European standards on the Internet at:
http://ec.europa.eu/growth/single-market/european-standards/harmonised-standards/index_en.htm

COMMISSION IMPLEMENTING DECISION (EU) 2019/451
of 19 March 2019
on the harmonised standards for construction products drafted in support of Regulation (EU)
No 305/2011 of the European Parliament and of the Council

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC ⁽¹⁾, and in particular Article 17(5) thereof,

Whereas:

- (1) In accordance with Regulation (EU) No 305/2011 manufacturers are to use the methods and the criteria provided in harmonised standards, the references of which have been published in the *Official Journal of the European Union*, for assessing the performance of construction products covered by those standards in relation to their essential characteristics.
- (2) By letters M/109 of 29 August 1996, M/130 of 29 January 1999, M/139 of 26 June 2001, M/122 of 14 December 1998 and M/135 of 5 May 2000, the Commission made requests to the European Committee for Standardization (CEN) for the drafting of harmonised standards in support of Council Directive 89/106/EEC ⁽²⁾ ('mandates'). The references of harmonised standards drafted on the basis of mandates are published in the *Official Journal of the European Union* ⁽³⁾.
- (3) The mandates allow revision of the harmonised standards drafted on their basis. In order to take account of the technical developments as well as requirements of Regulation (EU) No 305/2011, CEN revised several of those harmonised standards. In particular, CEN revised the harmonised standards for the following products: fire detection and fire alarm systems, fibre-cement slates and fittings, glass in building and fibre-cement flat sheets.
- (4) The Commission has assessed whether the harmonised standards revised by CEN are in conformity with the relevant mandates and Regulation (EU) No 305/2011.
- (5) The harmonised standards revised by CEN are in conformity with the relevant mandates and Regulation (EU) No 305/2011. It is therefore appropriate to publish the references of those standards in the *Official Journal of the European Union*.
- (6) In accordance with Article 17(5) of Regulation (EU) No 305/2011, a coexistence period is to be indicated for each harmonised standard that supersedes another harmonised standard. Such coexistence period has been indicated for the standard EN 15824:2017 on external renders and internal plasters based on organic binders published in the *Official Journal of the European Union* ⁽⁴⁾. Given that this period is not sufficiently long for the manufacturers to prepare for the use of the standard, it is necessary to indicate a new coexistence period for it.
- (7) In order to allow the manufacturers to use the revised harmonised standards as soon as possible, this Decision should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS DECISION:

Article 1

The references of the harmonised standards for construction products drafted in support of Regulation (EU) No 305/2011 that are listed in Annex I to this Decision are hereby published in the *Official Journal of the European Union*.

⁽¹⁾ OJ L 88, 4.4.2011, p. 5.

⁽²⁾ Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (OJ L 40, 11.2.1989, p. 12).

⁽³⁾ OJ C 92, 9.3.2018, p. 139.

⁽⁴⁾ OJ C 92, 9.3.2018, p. 139.

Article 2

The references of the harmonised standards for construction products drafted in support of Regulation (EU) No 305/2011 that are listed in Annex II to this Decision are hereby published in the *Official Journal of the European Union* with a new coexistence period of those standards.

Article 3

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

Done at Brussels, 19 March 2019.

For the Commission
The President
Jean-Claude JUNCKER

ANNEX II

No	Reference to the standard	Reference to the superseded standard	Beginning of the coexistence period (dd.mm.yyyy.)	End of the coexistence period (dd.mm.yyyy.)
1.	EN 15824:2017 Specifications for external renders and internal plasters based on organic binders	EN 15824:2009 Specifications for external renders and internal plasters based on organic binders	9.3.2018	9.3.2020

COMMISSION IMPLEMENTING DECISION (EU) 2022/2357**of 1 December 2022****amending Implementing Decision (EU) 2019/451 as regards the harmonised standard for retroreflecting road studs****(Text with EEA relevance)**

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC ⁽¹⁾, and in particular Article 17(5) thereof,

Whereas:

- (1) In accordance with Regulation (EU) No 305/2011 manufacturers are to use the methods and the criteria provided in harmonised standards, the references of which have been published in the *Official Journal of the European Union*, for assessing the performance of construction products covered by those standards in relation to their essential characteristics.
- (2) By letter M/111 of 29 August 1996, the Commission made a request to the European Committee for Standardization (CEN) and the European Committee for Electrotechnical Standardization (CENELEC) for the drafting of harmonised standards in support of Council Directive 89/106/EEC ⁽²⁾ ('the mandate'). The mandate allows for a revision of the harmonised standards drafted on its basis.
- (3) In order to take account of the technical developments as well as the requirements of Regulation (EU) No 305/2011, CEN revised the existing harmonised standard EN 1463-1:2009 on retroreflecting road studs, the reference of which has been published by Commission communication (2018/C 092/06) ⁽³⁾. This resulted in the adoption of the revised harmonised standard EN 1463-1:2021 on retroreflecting road studs.
- (4) The revised harmonised standard EN 1463-1:2021 contains improved methods for assessing the performance of the construction products concerned. Further, the wording of certain provisions needed to be improved in order to ensure their correct and uniform interpretation in all Member States. It was also necessary to remove from the scope of standard products installed only temporary since such products are not construction products for the purposes of Regulation (EU) No 305/2011. The revised standard thus importantly contributes to the road safety and the removal of technical barriers to trade.
- (5) The Commission has assessed whether the harmonised standard revised by CEN is in conformity with the relevant mandate and Regulation (EU) No 305/2011.
- (6) The harmonised standard revised by CEN is in conformity with the relevant mandate and Regulation (EU) No 305/2011. It is therefore appropriate to publish the reference of that standard in the *Official Journal of the European Union*.

⁽¹⁾ OJ L 88, 4.4.2011, p. 5.

⁽²⁾ Council Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products (OJ L 40, 11.2.1989, p. 12).

⁽³⁾ Commission communication in the framework of the implementation of Regulation (EU) No 305/2011 of the European Parliament and of the Council laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC (Publication of titles and references of harmonised standards under Union harmonisation legislation) (OJ C 92, 9.3.2018, p. 139).

- (7) Annex I to Commission Implementing Decision (EU) 2019/451 ⁽⁴⁾ lists the references of harmonised standards drafted in support of Regulation (EU) No 305/2011. The reference of the harmonised standard EN 1463-1:2021 should therefore be included in that Annex.
- (8) In accordance with Article 17(5) of Regulation (EU) No 305/2011, a coexistence period is to be indicated for each harmonised standard that supersedes another harmonised standard.
- (9) Implementing Decision (EU) 2019/451 should therefore be amended accordingly.
- (10) In order to allow the manufacturers to use the revised harmonised standard as soon as possible, this Decision should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS DECISION:

Article 1

Annex I to Implementing Decision (EU) 2019/451 is amended in accordance with the Annex to this Decision.

Article 2

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

Done at Brussels, 1 December 2022.

For the Commission
The President
Ursula VON DER LEYEN

⁽⁴⁾ Commission Implementing Decision (EU) 2019/451 of 19 March 2019 on the harmonised standards for construction products drafted in support of Regulation (EU) No 305/2011 of the European Parliament and of the Council (OJ L 77, 20.3.2019, p. 80).

ANNEX

In Annex I to Implementing Decision (EU) 2019/451, the following entry is added:

COMMISSION IMPLEMENTING DECISION (EU) 2023/2461

of 7 November 2023

amending Implementing Decision (EU) 2019/451 on the harmonised standards for construction products drafted in support of Regulation (EU) No 305/2011 of the European Parliament and of the Council

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 laying down harmonised conditions for the marketing of construction products and repealing Council Directive 89/106/EEC ⁽¹⁾, and in particular Article 17(5) thereof,

Whereas:

- (1) In accordance with Regulation (EU) No 305/2011 manufacturers are to use the methods and the criteria provided in harmonised standards, the references of which have been published in the *Official Journal of the European Union*, for assessing the performance of construction products covered by those standards in relation to their essential characteristics.
- (2) By Commission Implementing Decision C(2021) 5359 ⁽²⁾, the Commission made a request to the European Committee for Standardization (CEN) for the drafting and revision of harmonised standards in support of Regulation (EU) No 305/2011 for space heating appliances.
- (3) On the basis of the request set out in Implementing Decision C(2021) 5359, CEN revised harmonised standards EN 13240:2001, EN 13240:2001/A2:2004, EN 13240:2001/AC:2006 and EN 13240:2001/A2:2004/AC:2007 – Room heaters fired by solid fuel – Requirements and test methods; EN 13229:2001, EN 13229:2001/A1:2003, EN 13229:2001/A2:2004, EN 13229:2001/AC:2006 and EN 13229:2001/A2:2004/AC:2007 – Inset appliances including open fires fired by solid fuels – Requirements and test methods; EN 12815:2001, EN 12815:2001/A1:2004, EN 12815:2001/AC:2006 and EN 12815:2001/A1:2004/AC:2007 – Residential cookers fired by solid fuel – Requirements and test method; EN 12809:2001, EN 12809:2001/A1:2004, EN 12809:2001/A1:2004/AC:2007 and EN 12809:2001/AC:2006 – Residential Independent boilers burning solid fuel – Nominal heat output up to 50 kW and EN 14785:2006 – Residential space heating appliances fired by wood pellets – Requirements and test methods. The references of those standards are published in the C series of the *Official Journal of the European Union* ⁽³⁾.
- (4) The revision of those standards resulted in the adoption of revised harmonised standards EN 16510-2-1:2022 – Residential solid fuel burning appliances – Part 2-1: Roomheaters, EN 16510-2-2:2022 – Residential solid fuel burning appliances – Part 2-2: Inset appliances including open fires, EN 16510-2-3:2022 – Residential solid fuel burning appliances – Part 2-3: Cookers, EN 16510-2-4:2022 – Residential solid fuel burning appliances – Part 2-4: Independent boiler – Nominal heat output up to 50 kW and EN 16510-2-6:2022 – Residential solid fuel burning appliances – Part 2-6: Mechanically by wood pellets fed roomheaters, inset appliances and cookers.

⁽¹⁾ OJ L 88, 4.4.2011, p. 5.

⁽²⁾ Commission Implementing Decision C(2021) 5359 of 29 July 2021 on a standardisation request to the European Committee for Standardisation as regards space heating appliances in support of Regulation (EU) No 305/2011 of the European Parliament and of the Council.

⁽³⁾ OJ C 92, 9.3.2018, p. 139.

- (5) The revised standards contain measurement methods for NO_x, hydrocarbon and particulate matter emissions for solid fuel burning appliances, specifications for classification of solid fuel burning appliances and system boundaries for room sealed appliances, the applicable energy efficiency and energy class labelling and seasonal space heating efficiency and essential characteristics related to environmental sustainability. The revised standards allow manufacturers to declare emissions, energy efficiency and environmental sustainability and therefore contribute to the removal of technical barriers to trade.
- (6) The Commission, together with CEN, has assessed whether the harmonised standards revised by CEN comply with the request set out in Implementing Decision C(2021) 5359 and Regulation (EU) No 305/2011.
- (7) The harmonised standards revised by CEN are in conformity with Implementing Decision C(2021) 5359 and Regulation (EU) No 305/2011. It is therefore appropriate to publish the references of those standards in the *Official Journal of the European Union*.
- (8) Annex I to Commission Implementing Decision (EU) 2019/451 ⁽⁴⁾ lists the references of harmonised standards drafted in support of Regulation (EU) No 305/2011. In order to ensure that references of those standards are listed in one act, the references of the harmonised standards EN 16510-2-1:2022, EN 16510-2-2:2022, EN 16510-2-3:2022, EN 16510-2-4:2022 and EN 16510-2-6:2022 should be included in that Annex.
- (9) In accordance with Article 17(5) of Regulation (EU) No 305/2011, a coexistence period is to be indicated for each harmonised standard that supersedes another harmonised standard.
- (10) Implementing Decision (EU) 2019/451 should therefore be amended accordingly.
- (11) In order to allow the manufacturers to use the revised harmonised standard as soon as possible, this Decision should enter into force on the day of its publication in the *Official Journal of the European Union*,

HAS ADOPTED THIS DECISION:

Article 1

Annex I to Implementing Decision (EU) 2019/451 is amended in accordance with the Annex to this Decision.

Article 2

This Decision shall enter into force on the day of its publication in the *Official Journal of the European Union*.

Done at Brussels, 7 November 2023.

For the Commission
The President
Ursula VON DER LEYEN

⁽⁴⁾ Commission Implementing Decision (EU) 2019/451 of 19 March 2019 on the harmonised standards for construction products drafted in support of Regulation (EU) No 305/2011 of the European Parliament and of the Council (OJ L 077 20.3.2019, p. 80).
